M. KAZIM,
District Lock-up Officer.

OFFICE OF THE DIRECTOR OF AGRICULTURE, BANGALORE.

Notice dated 28th October 1930.

Sealed tenders will be received in the Office of the Manager, Cattle Breeding Station Ajjampur, up to 17th November 1930, for the supply of feed and miscellaneous articleis as detailed in the enclosed list for the year ending 30th June 1931. The contract will be over by 30th June 1931, from the date of acceptance of the tender, and the tenders will be opened on Monday the 17th November 1930 in the presence of such of the tenderers as happen to be present.

Conditions.

1. The tender which should be in the form given below wherein are given the approximate quantity and description of articles required, should stateclearly in columns 4 and 5 of the statement (left blank) the rate and thetotal cost of th e approximate quantity at which each article can be supplied at the Cattle Breeding Station, Ajjampur, throughout the period and must be accompanied by samples of each feed article.

2. Every tender should be accompanied by an earnest money of Rs. 100 in cash. The earnest money will be forfeited to Government if the tenderer whose tender is accepted, fails to execute the agreement for the due fulfilment of the contract and to furnish security as specified in para 3 below or if the tenderer withdraws from his tender before the acceptance or non-acceptance of his tender is communicated to him. In the case of rejected tenders, the earnest money will be refunded.

3. The successful tenderer will be required to execute an agreement within a week from the date of acceptance of tender, binding himself to the conditions of contract and to deposit the amount in column 8 as security for the due fulfilment of contract at the end of the period. Supply will have to commence from 1st November 1930.

4. The rates quoted should include the cost of free delivery at the place noted in colun 6, and the tenders should be superscribed "Tenders for the supply of feed and miscellaneous articles required for the Cattle Breeding Station, Ajjampur."

5. The Manager, Cattle Breeding Station, will indent on the Contractor for the articles required once or twice a month and the contractor should supply the quantities indented for within a week from date of order, at the appointed place and obtain clear receipts in token of the supplies made. The contractor should be prepared to supply any additional quantity that may be required at the contracted rate.

6. The contractor should present his bills once a month for supplies made by him during the month to the Office of the Manager, Cattle Breeding Station, Ajjampur, for arranging payment of the amount due to him.

7. No application from the contractor for any sort of concession whatever in consequence of the rise in the prices of the articles in the market due to scarcity or other causes, or any complaint about the differences of weights shown by the contractor and that accepted by the Cattle Breeding Station, will be considered. Weight indicated by the farm balance will be final.

8. Should the contractor fails to comply with any of the conditions detailed above, his contract will be forthwith cancelled and the deposit amount forfeited to Government. The contractor will also be bound to make good any loss which may arise from his failure to supply the articles contracted for or by Government having to purchase the articles specified in the contract, in the local market at higher rates than those contracted for.

9. Final acceptance of the tender will rest with the Director of Agriculture who does not bind himself to accept the lowest or any tender or assign any reason whatsoever for the rejection of any tender.

10. The supplies are to be made according to the approved samples and if not the contract will be cancelled and arrangements will be made to purchase the required articles under the conditions specified in column 8.
